BEFORE YOU START

What You Need

Welcome! This guide will show you how to install Apollo Group TV on your Amazon Firestick step by step. No technical experience needed — just follow each step carefully and you will be streaming in under 10 minutes.

◆ **Amazon Firestick**	Any model — 4K, Lite, or standard.
◆ **Wi-Fi connection**	Make sure your Firestick is online before starting.
◆ **Firestick remote**	You will navigate through a few settings menus.
◆ **IPTV subscription**	Credentials from myiptvhd.com after installation.

✔ All ready? Great — follow the steps below in order!

STEP 1

Download the Downloader App

Video tutorial: https://www.youtube.com/watch?v=MmDODtVDq0g

1. **Go to the Firestick Home screen.**
   Press the Home button on your remote.
2. **Click the Search bar at the top of the screen.**
   It looks like a magnifying glass — usually at the top left.
3. **Type Downloader using the on-screen keyboard.**
   Type it letter by letter — suggestions will appear below.
4. **Select the orange Downloader icon from results.**
   It has a recognisable orange background — that's the one.
5. **Press Get or Download to install it.**
   It's free and small — downloads in a few seconds.
6. **Do NOT open it yet — continue to Step 2 first.**
   We need to change one important setting before using it.

STEP 2

Enable Developer Options

Video tutorial: https://www.youtube.com/watch?v=MmDODtVDq0g

1. **Go to Settings (gear icon, top right).**
   Press Home then click the gear on the far right.
2. **Scroll down and select My Fire TV.**
   Keep scrolling until you find it near the bottom.
3. **Click on About.**
   This shows your device information.
4. **Find Fire TV Stick and click it 7 times.**
   Press OK quickly 7 times — a message will appear on screen.
5. **You will see: "You are already a developer."**
   Developer Options are now unlocked. Perfect!
6. **Press Back once — then click Developer Options.**
   You will now see it in the menu.
7. **Turn on ADB Debugging.**
   Click it to switch ON — this allows external app installs.

STEP 3

Allow Downloader to Install Apps

Video tutorial: https://www.youtube.com/watch?v=MmDODtVDq0g

1 **Inside Developer Options, click Install Unknown Apps.**
This shows which apps can install from outside Amazon.

2 **Find Downloader in the list and switch it ON.**
Toggle it to ON — Downloader now has full permission.

3 **Press Home to return to the main screen.**
Settings are done — let's install the app now!

✔ The hard part is done! Now let's install Apollo Group TV.

STEP 4

Enter the Code and Download Apollo Group TV

Video tutorial: https://www.youtube.com/watch?v=MmDODtVDq0g

DOWNLOADER CODE

2791705

Enter this code in Downloader → press Go

1. **Open the Downloader app from your Apps section.**
   Find the orange Downloader icon and click to open.
2. **Click on the URL box inside Downloader.**
   A keyboard will appear on your screen.
3. **Type the code 2791705 then press Go.**
   Type the 7-digit code exactly as shown in the box above.
4. **Wait — Apollo Group TV will download automatically.**
   The file is about 15–20 MB, takes just a few seconds.

STEP 5

Install Apollo Group TV

Video tutorial: https://www.youtube.com/watch?v=MmDODtVDq0g

1 **When the download finishes, click Install.**
A prompt will appear asking to install — confirm it.

2 **Wait 5–10 seconds for installation to complete.**
You will see App Installed on screen when done.

3 **Click Open to launch Apollo Group TV.**
The app will start immediately.

STEP 6

The MAC Address Screen

■ Video tutorial: https://www.youtube.com/watch?v=MmDODtVDq0g

■ MAC Address Screen — Important!

When Apollo Group TV opens for the first time, you will see your **MAC Address** and **Device Key**. Take a clear photo and send it to myiptvhd.com on WhatsApp so they can activate your channels.

1 **You will see your MAC Address and Device Key.**
This screen appears the first time you open Apollo Group TV.

2 **Take a clear photo of this screen.**
Make sure all numbers are readable and not blurry.

3 **Send the photo to myiptvhd.com on WhatsApp.**
Send to +44 7723 799252 — they will activate your playlist.

4 **Wait for confirmation — usually within minutes.**
Once activated you will receive a confirmation message.

STEP 7

Activate and Start Streaming

Video tutorial: https://www.youtube.com/watch?v=MmDODtVDq0g

1. **Close Apollo Group TV completely.**
   Press the back button or swipe it away.
2. **Reopen Apollo Group TV from your Apps.**
   Your channels are now loaded automatically.
3. **Click Live TV to watch live channels.**
   Hundreds of channels from all over the world, instantly.
4. **Click Movies for the latest films in HD and 4K.**
   Thousands of titles available on demand.
5. **Click Series for your favourite TV shows.**
   Simple, smooth, easy — enjoy your streaming!

✔ That's it! Apollo Group TV is fully installed. Enjoy your channels, movies and series!
